RESPONSE TO NOTICE OF ALLOWANCE

In response to the Notice of Allowance mailed February 26, 2008, enclosed are a completed issue fee transmittal form PTOL-85b and payment by deposit account of \$1740 for the required issue fee and publication fee, including patent copies.

COMMENTS RE EXAMINER'S AMENDMENTS

On May 23, 2008, Applicant contacted Examiner Lin regarding the amendment of the title that was mentioned in the Notice of Allowance. Applicant noted that the amendment of the title had not been discussed in the phone call on January 25, 2008, and the Examiner acknowledged this. The undersigned suggested that the expression "dynamic communication group" in the amended title be clarified to "dynamic target group", an expression used in the claims. Based on the conversation with the Examiner, Applicants believe "dynamic communication group" in the amended title refers to "dynamic target group" in the claims. The Examiner said that the change in the title could be made if Applicants filed a formal amendment after final. However, as the due date for the issue fee falls today, Applicants are now submitting the issue fee without filing a formal amendment of the title.
